

THE ANTARCTIC ADVENTURES OF SIR ERNEST SHACKLETON

Rodney Paul

This presentation is about the heroic adventures of one of the world's greatest ever explorers and an account of the various expeditions he undertook to the Antarctic.

Shackleton was an inspirational leader, determined to succeed under the harshest of conditions as evidenced by the infamous Endurance expedition to the Antarctic including an open boat journey across the most hostile ocean in the world.

Rodney Paul has visited the Antarctic twice and visited South Georgia where Shackleton is buried.

Friday September 12th, 2025, at 12 Noon
£15 p.p. including buffet

Members and visitors welcome

Members only may reserve in advance
